DGO GOLD COMMENCES FOLLOW UP DRILLING OF ZAMBIAN- STYLE COPPER TARGET AT PERNATTY

Investigator Resources Limited (ASX: IVR, “Investigator” or the “Company”) is pleased to advise that DGO Gold Ltd has announced that follow up drilling of significant proof of concept results has commenced at Pernatty, South Australia.

DGO previously announced to the ASX (DGO:ASX - 26 April 2021 – “Pernatty drilling successfully intersects Zambian-style copper mineralisation”) that their initial drill program confirmed the presence of Zambian style copper mineralisation under cover on the Stuart Shelf.

On 28 September 2021, DGO announced to the ASX that a 48 hole, 6,000m RC drill program has commenced.
