3. Board Composition

3.1. Overview

- 3.1.1. The Board determines the size and composition of the Board subject to the terms of the Constitution of the Company. The continued tenure of each individual director is subject to re-election from time to time, in accordance with the Constitution.
- 3.1.2. It is intended that the Board should comprise a mix of executive and non-executive directors and comprise directors with a broad range of skills, expertise and experience from a diverse range of backgrounds. In order to identify any gaps in the collective skills of the Board, the Board should, establish a skills matrix setting out the mix of skills and diversity the Board has or is looking to achieve.

3.2. Board composition

- 3.2.1. The directors will determine the size of the Board, subject to the Company's Constitution, which provides that there should be at least three (3) directors including any Managing Director. The number of directors and the composition of the Board must at all times be appropriate to the Company to achieve efficient decision making and adequately discharge its responsibilities and duties.
- 3.2.2. It is intended that, so far as is practicable given the size of the Company, a majority of the Board will be independent non-executive directors.

3.3. Appointment and re-election of directors

- 3.3.1. The process of selection and appointment of new directors to the Board is that when a vacancy arises, the Board identifies candidates with appropriate skills, experience and expertise. Candidates with the skills, experience and expertise that best complement the Board's effectiveness will be recommended to the Board. When the Board considers that a suitable candidate has been found, that person may be appointed by the Board to fill a casual vacancy in accordance with the Company's Constitution but must stand for election by shareholders at the next annual general meeting.

- 3.3.2. Non-executive directors will be engaged by a letter of appointment setting out the terms and conditions of their appointment. Directors will be expected to participate in any induction or orientation programs on appointment, and any continuing education or training arranged for them.
- 3.3.3. Directors must retire from office in accordance with the Constitution. Retiring directors may be eligible for re-election. Before each annual general meeting, the Chair will assess the performance of any director standing for re-election and the Board will determine their recommendation to shareholders on the re-election of the director (in the absence of the director involved). The Board (excluding the Chair), will conduct the review of the Chair.

3.4. Independence

- 3.4.1. All directors, whether independent or not, should bring an independent judgement to bear on all Board decisions.
- 3.4.2. Where this Charter requires one or more "independent" directors, the following criteria are to be considered by the Board to determine if the relevant person is independent. An "independent" director is a non-executive director who is not a member of management and who is free of any business or other relationship that could materially interfere with, or could reasonably be perceived to materially interfere with, the independent exercise of their judgement. When determining the independent status of a director, the Board will consider whether the director:
- (a) is a substantial shareholder of the Company (that is, holds 5% or more of the issued voting shares of the Company) or an officer of, or otherwise associated directly with, a substantial shareholder of the Company;
 - (b) is employed, or has previously been employed, in an executive capacity by the Company or another Group member, and there has not been a period of at least three years between ceasing such employment and serving on the Board;
 - (c) has within the last three years been a partner, director or senior employee of a material professional adviser or a material consultant to the Company or another Group member, or an employee materially associated with the service provided;
 - (d) is a material supplier or customer of the Company or other Group member, or an officer of or otherwise associated directly or indirectly with a material supplier or customer;
 - (e) has a material contractual relationship with the Company or another Group member other than as a director of the Company;
 - (f) has any close family ties with any person who falls within any of the categories described above; or
 - (g) has been a director of the Company for such a period that his or her independence may have been compromised.
- 3.4.3. The Board should regularly assess whether a non-executive director is 'independent' in accordance with the above criteria.
- 3.4.4. While the Company will aim to have a majority of independent non-executive Directors, this may not always be practicable given the size of the Board and the Company's circumstances. Accordingly, the Directors have absolute discretion to determine the appropriate composition of the Board from time to time, subject to the Constitution, the Corporations Act 2001 (Cth) and the ASX Listing Rules.

- 3.4.5. To the extent that the Board does not achieve this structure from time to time, the Board should establish a process to achieve this structure and measure itself against that process annually.
